

We are a “**best idea wins**” type of company that allows you the opportunity to directly impact the success of the business. To us, **every job matters.**

Founded in 1991 with 4 trucks, NAPA Transportation, Inc. (NAPA) proudly celebrated our 25th year of business in 2016. Ron Accomando (*Founder*) founded NAPA with a specific vision in mind. He wanted to create a Driver-focused atmosphere that he had not experienced while working as a Driver himself. Ron envisioned a place where Drivers are treated with respect and not just known by their truck number. Proudly, we have upheld our Driver-focused values that contribute to our unique family culture.

NAPA’s family-owned and operated culture has become a significant part of our customer relationships. Our unmatched loyalty to our customers, and theirs to us, has enabled our continued growth and mutual success. Our **competitive** nature and **think outside the box** approach allow us to thrive with new challenges and provide our customers with value-added solutions.

Today, we operate over 1900 pieces of company-owned equipment (400 Trucks, 1500 Trailers) and proudly employ over 500 hard-working employees. Despite changes and challenges along the way, we have always remained true to the two fundamental principles that have paved the way for our success, our commitments to our Drivers and our Customers.

Don’t take it from us—ask our drivers!

## ABOUT US

Transportation is in our veins like family is in our name. In 1991, we were founded by a Driver who lived life over the road. Today, we haul for some of the largest companies in America. Our customers trust us to move freight better than anyone. And, we trust our Drivers to prove them right. We give them the freedom to do what they do best—drive.

## OUR MISSION

“To provide our Drivers with the very best employment experience available in the industry; provide our customers with value-added solutions; operate a best-in-class safety organization and continue our history of growth for NAPA Transportation Inc., all of our employees, and the families they work to support.”
