

# LEADERSHIP ACADEMY 2022

June 8 & 15, 2022

*"How it's Made"*

*Site Tours for All Educational Staff*

**ACT48 CREDITS ARE AVAILABLE FOR THIS EXPERIENCE**

Did you know that Central PA is a **global** hub for manufacturing? From food & snacks to fasteners & scientific equipment, from things on the ground to things that go into outer space - it's made here! Manufacturing careers are well-paying, in demand, and often high-tech, incorporating robotics and advanced technologies.

Manufacturing careers are available at every level of education, and PCD has partnered with the Manufacturers' Association to provide pre apprenticeships for students in our region to explore & learn about these careers, while earning valuable credentials, including a certificate from PA Labor & Industry that provides *eligibility for graduation, under Act 158, as an alternative assessment pathway*. We'll be providing info about this program in session.

## **WHO SHOULD COME?**

You. This is something you'll really want to see!

Teachers, counselors, administrators, any/all school staff that supports and/or recognizes the need to learn what valuable & in-demand careers are in our region are welcome to attend this highly anticipated, two-day event.
