In brief:

Networking & Resources: PCD has offered this high-energy speed networking event since 2014 to help connect your organization with the many high school, CTCs and school personnel that directly provide student career programs who participate in PCD’s longstanding (25+ years now!) network of county consortiums in Dauphin, Cumberland and Perry Counties. This program is back in person, after an unfortunate Covid hiatus, and working to provide this high-demand offering in a safe and efficient way. All sponsor levels include a networking table for your materials.

Showcase Luncheon: This premiere, highly anticipated experience is back in person! The luncheon event features students speaking and presenting displays of career exploration experiences, plus a remarkable keynote speaker presenting to regional leadership in schools, businesses, and community. 8-county regional Superintendents, CTC Technical Directors, CEOs, State-agencies who are typically in robust attendance. Attendees remark enthusiastically about attending this event for years afterward.

Leadership Academy: PCD will be providing this two-day “on-the-road” site tour experience for school personnel again this year. PCD buses regional school personnel to business sites throughout the region to learn about new, emerging and high interest careers in our region and state. Visits to the PA Turnpike Authority, Harrisburg International Airport, Defense Logistics Agency, Ames True Temper, Comcast, Country Meadows Retirement Communities and more have had school personnel raving about this program for years.
